No. 3.

FALL OF 1881.

FOR THE TRADE ONLY.

THE STORRS & HARRISON CO'S

SEMI ANNUAL TRADE LIST

—OF—

FRUIT AND ORNAMENTAL TREES,

To Nurserymen and Dealers.

We intend to deal as liberally with those in the trade as possible, and will accept orders from them at the lowest rates named in our wholesale catalogue, without regard to amount of bill or quantity of any article taken.

With dealers whose bills amount to \$200 and upwards, we will furnish help for billing up gratis, but no more than can be constantly and profitably employed.

On bills of less than \$200, parties must furnish their own help for billing up, or if furnished by us it will be charged in the bill at cost price.

A discount of five per cent. will be allowed for cash with order. No discount allowed unless cash reaches us before shipment. In comparing our prices with others, please to take into account this 5 per cent. discount, which makes items quoted at 10 cents cost but nine and a half; those at 50 cents but forty-seven and a half, and those at one dollar but 95 cents. Ninety-five dollars pays for \$100.00 worth of goods, and nine hundred and fifty dollars pays for \$1,000.00 worth. An item worth saying.

Great care should be exercised in making out the full aggregate reports of stock wanted, as nothing will be counted back from the heeling-in grounds—except in case we should be at fault in putting it on.

STORRS, HARRISON & CO.

NOTICE TO CUSTOMERS.

WE would say to those unacquainted with our establishment, that this is the twenty-eighth year of our Nursery, that we have over four hundred acres devoted to the business, about three-fifths covered with Nursery Stock, and eighteen Green and Propagating Houses, with a most complete assortment of Fruit and Ornamental Trees, Shrubs, Vines, Roses, Green-house Plants, &c., &c. We solicit correspondence and personal inspection of our stock, confident that it will compare favorably with the best.

CONVENIENCES FOR PACKING

Are most complete. A wind-mill and steam pump supply an abundance of water, and a good stock of moss kept always on hand.

THE PACKING SEASONS.

In the Spring, we usually commence digging and shipping from the twentieth of March to the first of April, and continue through May; and in the Fall, usually from the first to the middle of October, continuing till cold weather sets in. Besides, we store largely in cellars, Small Fruits, Grape Vines, Rose Bushes, Chestnut Trees, Peach, Apricots, &c., from which we can make shipments at all times during the Winter, except in the very coldest days.

TERMS OF SALE TO THE TRADE ONLY.

1st. We reserve the selection of varieties to ourselves, but will always give the purchaser his choice as far as consistent with our stock.

2d. When dealers pack with us, we heel in their entire stock by itself, and furnish labels and tying material free. Boxes and packing charged as follows: 8 to 9½ feet long, 30 x 30 inches, \$3.00; 28 x 28 inches, \$2.50; 24 x 24 inches, \$2.25; 20 x 20 inches, \$1.75; 16 x 16 inches, \$1.50; 12 x 12 inches, \$1.00. For second-hand boxes, 50 cents will be deducted from each of the three larger sizes, and 25 cents from each of the three smaller sizes. Bales, 25 cents to \$1.50, according to size. Burlaps, for wrapping roots of Evergreens, &c., 10 cents per yard. After deliveries are billed up, help will be furnished free by us to pack in the boxes and mark for their destination, but the owner must superintend all, and assume all responsibility for any errors that may occur. No stock will be counted back from the heeling in grounds. No extra charge for delivering packages at Express Office or Railway Stations.

3d. The terms of payment must invariably be cash down, or satisfactory note payable at some bank, for amount of bill, unless with established Nurserymen, when, if unknown to us, a satisfactory reference will be required before shipment.

4th. Those ordering by mail will please to give plain and explicit directions as to the route and manner in which goods are to be forwarded, as our responsibility ends on delivery at Railway Station or Express Office.

CATALOGUES.

The following Catalogues will be sent to applicants who enclose stamp to pre-pay postage, except No. 1, for which we make a charge of 10 cents:

No. 1—Descriptive Catalogue of Fruit and Ornamental Trees. 10 cents.

No. 2—Descriptive Catalogue of Green-house and Bedding Plants.

No. 3—Trade or Price List (this one).

Nos. 4 and 5 are combined for the Fall, and include Bulbs, Winter Flowering Plants, Trees, Grape Vines, Small Fruits, &c., that can be sent by mail. When Plants, &c., are to be forwarded by mail, use prices in that list—not this one.

THE STORRS & HARRISON CO.

FRUIT DEPARTMENT.

We reserve the right to select the varieties, but will give the purchaser his choice as far as is consistent with our stock. In ordering, please state whether or not substituting will be permitted, in case we should be short of any sort wanted.

Five per cent. off for cash with order. No discount allowed unless cash reaches us before shipment.

express or freight, as they cannot be sent by mail. As					
the expense is great in potting and after management,					
we do not treat all varieties in that manner, but can

EVERGREENS.

We would call particular attention to our large stock of well-trained Evergreens. We take great pains to shear our evergreens each year, bringing them into a compact symmetrical form, thus adding double to their value over those grown in the ordinary manner. Our prices are remarkably low, in many of the varieties below the actual cost of production.

GREEN-HOUSE, BEDDING PLANTS, &c.

The plants offered in this list are grown in 2 and 2½ inch pots, (except noted). For shipping, the plants are removed from the pots (unless otherwise ordered), and each wrapped separately in a paper with the label. When received, they should be potted in one size larger pots than they were removed from.
